Book Review by Chris Ramos

The Carrow Haunt by Darcy Coates is a cozy, classic haunted house novel. Remy is a tour guide for Carrow House, a notoriously haunted building. She's asked to host seven guests for a week-long stay to research Carrow's phenomena. Then a storm moves in, cutting off their contact with the outside world and things quickly become frightening. *Carrow Haunt* has a creepy atmosphere, horrifying scenes, and compelling ghosts. I think *The Carrow Haunt* is a fantastic read if you're looking for a horror story that's scary but not too scary.
